

## JET TENDER® 21 L.C.

### DIMENSIONS

Length o.a.:	6,37 m.
Beam max.:	2,58 m.
Height max. (with folded console):	1,17 m.
Diameter inflatable tubes (at stern):	0,50 m.
Independent tube's compartments:	No. 6
Seat placements:	No. 12
Passengers capability (C.E. directive):	No. 12
Design category (C.E. directive):	C

### STANDARD EQUIPMENT

**Engine:** Yanmar marine diesel engine type *6BY-260* developing 260 HP @ 4.000 rpm, 6L cylinders, 2.993 cc displacement, equipped with common rail direct fuel injection, twin circuit cooling system and stainless steel marinemounts.

**Drive:** Waterjet unit Castoldi type *Turbodrive 240 H.C.* equipped with AISI 316 L stainless steel impeller, titanium liner on impeller housing (replaceable), integrated gearbox, hydraulic multi-disc disconnecting clutch, movable debris screen grid on water intake, all oil lubricated bearings - Kit for fresh water cooling the engine's raw water circuit.

**Matching system:** Flexible coupling - Cardan shaft - Shaft protection.

**Controls:** Sea Star hydraulic steering system with stainless steel steering wheel - Single lever box for engine's throttle control with integrated switch for electric/hydraulic reversing deflector control - Switch for the electric control of the hydraulic disconnecting clutch - Switch for the electric control of the debris screen grid.

**Electrical:** Sets of 12 V free maintenance, hermetic batteries with temporary parallel switch - Two main switches, charge splitter/selector - Navigation lights (flush mounted LED red and green lights + removable pole mounted 360° white light) - Led courtesy deck lights - 12V accessory socket - Electric horn - Automatic electric bilge pumps - All electrical system fitted with fuses and circuit breakers - All sealed electrical connections - Console folding electric system with No. 2 rams.

**Dashboard with instruments:** Starting key - Engine's instruments - Watertight switches - Water pressure gauge - Reversing deflector position gauge - Safety engine stop - Engine room's water detector.

Anchoring, mooring, lifting and towing: Anchor, Trefoil type, Kg. 5 made of polished stainless steel, with chain 5,00 m. and rope 25,00 m. long with electric windlass - No. 4 folding stainless steel lifting eyes - No. 4 pull-up stainless steel cleats - No. 4 towing eyes (2 bow, 2 transom) - Removable ski pole.

Fuel system: Under-deck crosslinked polyethylene fuel tank, 165 lts capacity with on-deck fill and vent - Fuel shut-off solenoid valve - Racor fuel-water separator filter - Fuel level gauge on instrument panel.

Exhaust system: Stainless steel pipe with integrated muffler with preventer valve.

Seating: Semicircular aft bench for No. 4 passengers - Central bench (on engine hatch) for No. 2 passengers - Central bench for driver and co-driver (on engine hatch) - Semicircular fore bench for No. 4 passengers. *All cushions and backrests in white leather-like upholstery with inspectionable encapsulated soft foam*

General: Transom platform teak laid with integrated No. 4 steps telescopic stainless steel ladder - Stern hinged door from platform to inner deck - Bow landing stepped ramp with retractable rails and stainless steel extensible ladder - No. 2 moulded boarding steps (port and starboard) teak laid - Pressurized fresh water shower system with under-deck water tank 55 lts with water filler - Stainless steel handrails - Fore and aft semicircular grab rails on benches - Stainless steel boarding handle - Bow rain/spray dodger, recessed in specific compartment - Keel protection (replaceable) - Waterproof console cover - Engine room air intakes - Windscreen with grab rails - Kit for tubes' emergency repair - Air pump, manual - Fire extinguisher - Manual bilge pump - Pair of paddles - Owner manual - Engine's hatch (ram assisted lifting) - Engine room's acoustic and thermal insulation - Storage access under console - Under seats storage lockers

Standard colours: White tubes - light grey, navy blue or black fender on tube - white hull, console, deck, engine hatch - white cushions - white rain/spray dodger, boat cover

Boat is delivered protected by fabric cover and positioned on wooden cradle

## OPTIONAL EQUIPMENT

### Canvas

- Bimini top transom .....
- Bimini top transom with weather curtain set (full enclosure, limo kit) .....
- Boat cover.....

### Colours, Writings and Materials

- Custom hull colour .....
- Custom deck colour.....
- Custom tube colour, single or bi-colour .....
- Custom upholstery colour .....
- Custom rain/spray dodger colours.....
- No. 2 writings “TENDER TO....” made on Hypalon-Neoprene coated fabric vulcanized on both sides with customized graphics.....
- Upholstery and canvas in Sunbrella fabric with requested colour .....

### Interior

- Aft and/or bow cushioned sections for sunpad layout .....
- Customized lifting eyes .....
- Dive tank holder .....
- Recessed single point lifting eye .....
- Rod holders.....

### Teak

- Teak decking (8 mm, solid).....

**Navigation - Electronics - Lights**

- Batteries' charger with A.C. stainless steel power inlet.....
- Compass with light.....
- Depthsounder/Fishfinder Garmin "ECHO 300 C".....
- GPS Map/Depthsounder Garmin "521 S".....
- Inflator/Deflator (portable) 12 V flow rate 1000 l/min.....
- No. 2 fore docking lights.....
- No. 2 transom docking lights (LED).....
- No. 2 underwater transom lights (LED).....
- Portable watertight search light.....
- Stereo package Aquatic AV - AQIP3B including:
  - Radio/iPod/MP3 player (with external socket), completely sealed and watertight
  - Integrated iPod control and interface
  - AM/FM/XM stereo receiver antenna
  - No. 4 watertight speakers.....
- VHF, waterproof, class D, DSC,  
with all U.S. and International frequencies ; with aerial.....

**Safety**

- Kit of engine's spare parts.....
- Kit of waterjet unit's spare parts.....
- Rescue boat package (to comply with MCA rules) for yachts under 500 GT \*.....
- Satellite tender tracking system (internet accessible).....

**General**

- Inflatable tubes (as spare) complete with fender and valves.....
- No. 2 bow/side towing eyes.....
- Portable fridge (with power pack).....

\* Portable watertight search light must be ordered too for completing the rescue boat package
